ALPHA 42

THE NEW AEROYACHT® ALPHA 42' LIFE, INTENSIFIED

The [Aeroyacht ALPHA 42 catamaran](#) is a beautifully designed, brand new cruising catamaran with highly innovative features not found in other multihulls. Unlike the many production cats she was conceived with features that are usually associated with high end custom builders. The Alpha 42 catamaran is a true reverse-engineered catamaran:

Designed by an expert team of offshore sailors, naval architects and rig specialists, multiple design inputs from groups such as live aboard cruisers, charter guests, fishermen and first time buyers were considered and incorporated into the yacht's DNA.

ALPHA 42 EXCLUSIVITY

42

TIMELESS DESIGN
DNA OF A FUTURE ICON

- **largest in class main deck space**
- **largest in class 360 degree views whether sitting or standing**
- **largest in class u-shape chef's galley oriented and open to cockpit**
- **the newest 42' catamaran on the market**
- **only mid sized cruising catamaran with a wave piercing bows**
- **highest in class 38" bridgedeck clearance for ultimate comfort and safety**

The Alpha 42 combines beauty with intelligence. Built in New York by Alpha 1 Composites this all new design looks sinuous. She feels at home everywhere—from a busy Mediterranean harbor to a deserted South Seas lagoon. The Alpha 42 catamaran blends into her environment, but looks special. She represents the “next generation” of cruising yachts and incorporates the best features of competing brands and makes them even better.

ALPHA 42 INNOVATIONS

- superyacht nominated Aeroyacht 110 inspired exterior design and interior
- aerodynamic hulls and deck
- clean efficient shape
- multi-chine design for better strength, space and esthetics
- integrated forward trampoline lounge offering seating for six
- optional helmsman windscreen and folding bimini for full weather protection
- wave piercing bows providing superior pitch reduction, comfort, smooth riding and performance

INNOVATIONS
UNIQUE AS OUR CUSTOMERS

ALPHA 42 FLEXIBILITY

CIRCUMNAVIGATOR OR CHARTER MACHINE INSPIRING LIVEABOARD COMFORT

- same level cockpit and saloon
- large hull port lights providing all cabins with sea views
- wide cabin sole provides guests true comfort of a home
- queen size, double beds in aft cabins
- each cabin has large lockers
- each cabin is cross ventilated by at least one hatch and a hull port light
- forward facing nav panel and desk

ALPHA 42 SENSIBILITY

USABILITY & STRENGTH RESPONSIBILITY TO MATCH OUR ENVIRONMENT

- bow collision compartments including 6 watertight bulkheads and 6 bilge pumps
- non wood balsa core but rather Nidacore honeycomb sandwich construction
- monolithic bilges for ultimate impact protection and strength
- easy and safe, solo- push button anchoring system
- engines separate from living accommodations
- easy to maintain and service (all systems accessible and labeled)

PRACTICAL BUT NEVER ORDINARY
EVERYDAY USE AND RELIABILITY

- built to strict US ABYC and NMMA standards
- true solo –control helm station with reef lines, halyards, topping lift and sheets lead back to skipper
- standard overlapping Genoa headsail and optional self tacking Solent Jib on track
- Grand-Prix style aft centered rig featuring square top mainsail
- comfortable double helm seat is part of cockpit; a true family boat

ALPHA 42 PERFORMANCE

DYNAMIC DELIGHT NO COMPROMISE MODERN THOROUGHbred

- wave piercing & aerodynamic bows and cabin roof for low drag
- long waterline and weight-aft distribution for low pitch comfort
- 24' x 3' aft veranda lets you easily store water toys and lets guests circulate boat without climbing over cockpit
- Aeroyacht designed exterior and interior styling provides a modern and timeless design
- 150 gal fuel and 150gal water tanks are standard features

We created a dynamic cruising machine— after all, the act of sailing should be a fun activity. For us performance is not how fast you can sail. Emotions are our main design objective: a sailing sensation that only the Alpha 42 can provide. With considerable agility and dynamics, but always with responsibility in mind. We achieve these goals with manual, direct feedback steering systems, practical sail handling layout and an efficient, easy to handle rig.

No flying hulls on our yachts !

ALPHA 42 SEAWORTHINESS

DISCREET WORLD TRAVELER AS COMFORTABLE IN CANNES AS IN SPITZBERGEN

- easy to maneuver, even for novices thanks to a simple and reliable mechanical steering system
- standard carbon fiber reinforced bowsprit for extra strength and performance
- high prismatic coefficient hulls for live aboard load carrying ability
- conservative engineering providing safe and very strong structure for repeated charter service

ALPHA 42 PERSONALISATION

The Aeroyacht ALPHA 42 is available in a choice of two standard interiors: The Owner's Version with superb full length master suite or the Charter Layout that sleeps up to 8 in the 4 stateroom 2 head configuration.

Alpha Yachts is also receptive to charter customer's special requests and can create a custom interior upon request.

MONITOR YOUR BUILD & FINANCE WITH EASE MAKE THE ALPHA 42 YOUR OWN

- US built eliminates inconvenience of delivering an overseas boat transatlantic and import formalities
- US built catamaran will be less affected by foreign currency exchange and be less costly
- US built catamaran will be able to charter in US waters unlike foreign boats
- Alpha 42 has excellent financing options not available for foreign boats
